The caravan park DO NOT want people turning up expecting to camp due to covid crowd limits etc.

Members must pre book and pay for your camping spot. If anyone is found to have not booked accommodation, the caravan park will ask them to find alternative accommodation. Limited spots available so 1st in 1st served.

Lake Charm foreshore caravan park want us there racing but more than ever we need to do the right thing and follow their requirements to ensure our event can run as smooth as possible

LAKE CHARM IMPROVEMENTS

A lot has happened in the park recently and a lot more is going to happen in the future. This is a very exciting time for the park with some of the changes that have been made, both completed and planned.

About this time last year talk started about the new toilet amenities to be installed at the rear of the park to replace the existing ensuite style units that are well past their use by date. This is progressing well and the installation of the new block should be completed within the next few months. These will be a much needed and massive improvement to the park and the finished product will be well worth the wait. Plans can be viewed on their facebook page.

There will be a large S/S sink outside the amenities at the rear for the purpose of washing dishes etc. In addition to this the toilet blocks on the foreshore are also getting upgraded.

Once these are completed, other projects around the park include:

- The installation of additional lighting around the park
- Complete the installation of the new clothesline at the rear of the existing block
- Investigate Wi-Fi for the entire park
- Investigate a half-court basketball court
- Install covers over the BBQ's on the foreshore.
- Installation of new power poles for the camp sites on the foreshore.

CPR COURSES

SRV are holding a CPR course in Echuca on 24th October starting at 1pm. Numbers are limited to meet capacity requirements so it will be first in gets the spot. Contact SRV on 0429 099 901 if you are interested.

We are keeping up to date on easing of restrictions for Melbourne and will reschedule Melbourne and Pakenham courses as this becomes clearer.

Everyone who booked into the original Melbourne and Pakenham courses will be contacted as soon as new dates are confirmed and notice will be put on facebook for anyone else interested.

SCRUTINEERING

Scrutineering Gate 1 is now open so contact your nearest scrutineer and organize early.

MEMBERSHIP INFORMATION

Early bird discount extended to 31st October 2021.

SRA are offering direct debit, pay by the month with no additional fees as a payment option.

The important thing is to get completed memberships in asap.

Update to CPR Requirements

If you have completed your practical CPR course within the last 3 years the below applies:

- All Members are to complete the online SRA CPR questions.

- Members will now have until end of January 2022 to complete practical CPR course and Ski Racing NSW will provide more information on this in due course.
- All new members to ski racing will have to complete a practical CPR course prior to any racing.

Update to Medical Requirements

Given the practical impediments to obtaining a medical under the current Covid restrictions, members can now submit their membership applications without the completed Medical Form for the purpose of getting their memberships in (if needed).

However, you must submit a completed medical form prior to being allowed to race.

SRA COVID refund policy

SRA is a Not-for-profit organisation and plan to provide a membership refund where Classic races are interrupted by COVID-19. This will be based on the cost of insurance at that point in time (non-refundable portion) and then based on the percentage of the year/races that have been impacted. Our focus is on the Classics, as Series Days and Point Scores can be re-scheduled where possible.

Look forward to seeing everyone on the water soon.
Time to go racing !!!!
